PROFILE

I am proficient in web development technologies including HTML, CSS, Bootstrap, JavaScript, PHP, MySQL, and Laravel. Skilled in RESTful APIs and possessing a deep understanding of Object-Oriented Programming, I have experience in cloud environments such as CPanel/WHM and AWS. Specializing in WordPress development, I excel in plugin customization and essential website management. Experienced with Git and GitHub, I create dynamic, responsive web interfaces and manage databases effectively. Familiar with Agile methodologies, I bring strong analytical and problem-solving skills and quickly learn new technologies, staying updated with industry trends.
