PROFILE

Computer Science graduate with a solid foundation in software engineering, web application development, and problem-solving, supported by professional experience as an Assistant Programmer. Experienced in developing scalable software solutions using modern programming frameworks while strengthening analytical and technical skills in real-world projects. Motivated to pursue advanced studies in Artificial Intelligence and intelligent computing systems to deepen expertise, engage in research, and apply AI-driven technologies to solve complex scientific and industrial challenges.

PROFESSIONAL EXPERIENCE

Bangladesh University of Business and Technology (BUBT) 🔗

Assistant Programmer

07/2024 – present
Dhaka, Bangladesh

- Developed and maintain **DPTR** 🔗 (Dissertation and Project-Thesis Repository).
- Develop and maintain **ClassLog** 🔗, an academic scheduling and classroom management system.
- Develop and maintain the **Routine Filtration** 🔗 system for student routine and schedule access.
- Contributing to the development of the **Dean Award** Module for the Controller of Examinations.

EDUCATION

BSc in Computer Science & Engineering

Bangladesh University of Business and Technology (BUBT)

02/2020 – 12/2023
Dhaka, Bangladesh

- CGPA: 3.68 out of 4.00

Higher Secondary Certificate

Daffodil International College

2016 – 2018
Dhaka, Bangladesh

- GPA: 3.92 out of 5.00

Secondary School Certificate

Sonaimuri Model High School

2014 – 2016
Noakhali,
Bangladesh

- GPA: 3.78 out of 5.00

CERTIFICATES

ICPC Asia Dhaka Regional Contest 2025 – Leadership & Volunteer Coordination – BUBT 🔗

Coordinated student volunteers, delegated responsibilities, supported contest team registration, and managed communication with IT and university teams during the regional contest.

Web Development with PHP & Laravel – Ostad 🔗

Practical training in Laravel framework, MVC architecture, routing, database management, authentication, and dynamic web application development.

HTML, CSS & React for Beginners – Udemy 🔗

Creating interactive UI components and responsive web applications.

HackerRank Skills Verification – Problem Solving (Basic) [🔗](#)

Covers fundamental data structures and algorithms such as arrays, strings, sorting, and searching.

HackerRank Skills Verification – CSS [🔗](#)

Covers CSS fundamentals, layouts, and styling techniques.

Agile Project Management Foundation – Udemy [🔗](#)

Scrum, Kanban, and agile development principles for team collaboration.

Certificate of Participation – AWS Cloud Day 2023 [🔗](#)

Introduction to cloud computing and AWS services.

SKILLS

Programming & Computer Science

C, C++, C#, Java, JavaScript, PHP, Data Structures & Algorithms, OOP, Problem Solving

Web Development & Tools

Laravel, Vue.js, HTML, CSS, Bootstrap, jQuery, WordPress, REST API, Git, GitHub, Agile/Scrum

PROJECTS

MediBox – Smart Medicine Dispenser (Arduino, C++, IoT) [🔗](#)

- Created an automated medicine dispenser with servo-controlled drawers, LED indicators, and buzzer alerts.
- Programmed logic for scheduling and confirming medication intake.

Sanzi The Bot [🔗](#)

- Developed a robotic platform integrating object detection and voice assistance.
- Implemented autonomous navigation and reactive decision-making.
- Applied AI concepts for intelligent human-robot interaction.

Learner's Point – E-Learning Platform (C#, SQL Server) [🔗](#)

- Designed an interactive platform for delivering online courses to students.
- Implemented course management, student enrollment, and progress tracking modules.
- Developed a clean and user-friendly UI to enhance learning experience.

SOHOPRESS – The Easy CMS (PHP, MySQL, JavaScript, Bootstrap) [🔗](#)

- Built an intuitive Content Management System for easy website creation and management.
- Implemented drag-and-drop editing and WYSIWYG content editing features.
- Integrated role-based user access and content publishing workflow.

Customs Supervision System (PHP, MySQL, Bootstrap, jQuery) [🔗](#)

- Developed a web application to manage port shipping operations for customs offices.
- Created CRUD functionalities for shipping records, port activities, and customs declarations.
- Designed a responsive interface for seamless use on desktop and mobile devices.
